

Franklin County Field Days, Inc.

Scholarship Application

Franklin County Field Days, Inc. has established a scholarship fund in memory of the past directors of our organization. At least one (1) \$500 scholarship will be awarded annually with a maximum of \$1,000 per applicant. Applicants must be graduating from a Franklin County high school in order to be eligible. It is not necessary for the applicant to be studying agriculture, though special consideration may be given to those applicants who are pursuing a career in agriculture. Recipient(s) will be selected based on academic achievement, community involvement, agricultural interest, and application.

Applications are due May 1st and the scholarship winners are announced June 1st. Please type or print clearly. Applications and a copy of the applicant's transcript should be mailed to the following address:

Franklin County Field Days, Inc.
c/o Nola Gilber
83 Sugarhouse Ln

Why have you selected this major?

What are your occupational goals?

Please describe any agricultural activities you have been involved with.

Briefly explain your extra curricular activities and include any leadership positions.

Briefly describe any community activities you take part in and include any leadership positions.

Franklin County Field Days is a four-day county fair that takes place in August each year. The goal of our fair has always been to showcase agriculture in Franklin County and to bring family, friends, and neighbors together. The Field Days includes tractor, truck, ox and horse pulling, snowmobile drag races, 4-H events, ATV events and exhibits for all to enjoy, including produce, crafts, maple syrup, and antique tractors. This fair is entirely operated by a group of dedicated volunteers, committed to continuing the Franklin County tradition started by our past directors, whose memory we celebrate with this Scholarship. Please describe the impact an event like the Franklin County Field Days has on the community and its value to agriculture in Vermont.
